01 PROFILE

Results-oriented **software developer** with more than 3 years of experience in the field and 1 year studying Software Engineering at the University Center for Exact Sciences and Engineering (CUCEI - UDG). I'm a passionate Frontend Web and mobile developer using the technologies to build amazing products and focusing on solving problems for different niches and different industries using the power of technology.

02 EMPLOYMENT HISTORY

May 2021 — Present

Guadalajara

Mobile Developer / Web Developer at Appio Grocery Store

I am sole mobile developer for **Appio** which is still in development. Appio offers a wide variety of fruits, vegetables, cereals and groceries, with very good quality from the Abastos market with home delivery.

Sep 2020 — Present

Guadalajara

Mobile Developer at Meddi

I was hired for a startup called **Meddi** that helps improve traditional medical care especially in Mexico. Administer and manage all services from the app, take advantage of all the information and create your medical history.

Oct 2019 — Dec 2019

San Francisco

Web Developer at x3bar

X3 Bar is an e-commerce that offers a very good exercise tool in which I worked to remodel the old website.

03 EDUCATION

Jan 2021 — Present

Guadalajara

Software Engineering

the University Center for Exact Sciences and Engineering (CUCEI - UDG).

04 SKILLS

JavaScript
